Our Program

Because Medicare can be confusing, the federal government through the Administration on Community Living, funds a SHIP or senior health insurance assistance program in every state. The Nebraska Senior Health Insurance Information Program (SHIP) is part of the Nebraska Department of Insurance. SHIP does not endorse any insurance company, product or agent. SHIP provide free, unbiased Medicare education and counseling.

SHIP offers a toll-free hotline. Any person eligible for Medicare, relatives, friends or providers can call for answers to insurance questions or to arrange a meeting with a SHIP counselor.

1-800-234-7119

SHIP Counselors

SHIP has a statewide network of certified counselors and partner organizations. Our counselors receive extensive training on Medicare and related health insurance. Counselors are available to meet for one-on-one counseling, to help with problem solving, and to provide support during decision making. SHIP counselors will not recommend policies, companies, or insurance agents, but will provide free, confidential, unbiased assistance.

An important role of SHIP is to provide outreach and education regarding health insurance options, benefits, and choices. SHIP participates in outreach activities, presentations, media activities and Part D enrollment events.

Medicare Fraud Prevention

Protect, Detect and Report

Each year Medicare loses an estimated \$60 billion due to Medicare fraud, errors and abuse. Every day, these issues affect countless individuals nationwide. Serving as the Senior Medicare Patrol (SMP) for Nebraska, the Nebraska SHIP and our network of counselors help individuals detect and report possible Medicare fraud, error or waste. SHIP also provides resources on how consumers can protect themselves from healthcare scams.

SHIP offers community outreach and education promoting awareness of Medicare fraud prevention and detection across Nebraska.

SHIP educates people with Medicare, empowering seniors and people with disabilities to make informed decisions about health insurance.
